

§ 64.1507 Prohibition on Disconnection or Interruption of Service for Failure to Remit Pay-Per-Call or Similar Service Charges.

(1) All telephone subscribers during the period from November 1, 1993 through December 31, 1993; and

(2) Any subscriber who subscribes to a new telephone number for a period of 60 days after the new number is effective.

(b) For blocking requests not within the one-time option or outside the time frames specified in paragraph (a) of this section, and for unblocking requests, local exchange carriers may charge a reasonable one-time fee. Requests by subscribers to remove 900 services blocking must be in writing.

(4) A statement of the pay-per-call service provider's name, business address, and business telephone number.

(b) Any common carrier assigning a telephone number to a provider of interstate pay-per-call services and offering billing and collection services to such provider shall

(1) Establish a local or toll-free telephone number to answer questions and provide information on subscribers' rights and obligations with regard to their use of pay-per-call services and to provide to callers the name and mailing address of any provider of pay-per-call services offered by that carrier; and

(2) Provide to all its telephone subscribers, either directly or through contract with any local exchange carrier providing billing and collection services to that carrier, a disclosure statement setting forth all rights and obligations of the subscriber and the carrier with respect to the use and payment of pay-per-call services. Disclosure statements must be forwarded to:

(i) All telephone subscribers no later than 60 days after these regulations take effect;

(ii) All new telephone subscribers no later than 60 days after service is established;

(iii) All telephone subscribers requesting service at a new location no later than 60 days after service is established; and

§ 64.1510 Billing and Collection of Pay-Per-Call and Similar Service Charges.

(a) Any common carrier assigning a telephone number to a provider of interstate pay-per-call services and offering billing and collection services to such provider shall:

(1) Ensure that a subscriber is not billed for interstate pay-per-call services that such carrier knows or reasonably should know were provided in violation of the regulations set forth in this subpart or prescribed by the Federal Trade Commission pursuant to titles II or III of the TDDRA or any other federal law;

(2) In any billing to telephone subscribers that includes charges for any interstate pay-per-call service

(i) Include a statement indicating that:

§ 64.1511 Forgiveness of Charges and Refunds.

(a) Any carrier assigning a telephone number to a provider of interstate pay-per-call services or providing transmission for interstate tariffed collect information services or interstate information services offered under a presubscription or comparable arrangement, and providing billing and collection services for such services, shall establish procedures for the handling of subscriber complaints regarding charges for those services. A billing carrier is afforded discretion to set standards for determining when a subscriber's complaint warrants forgiveness, refund or credit of interstate pay-per-call or information services charges provided that such charges must be forgiven, refunded, or credited when a subscriber has complained about such charges and either this Commission, the Federal Trade Commission, or a court of competent jurisdiction has found or the carrier has determined, upon investigation, that the service has been offered in violation of federal law or the regulations that are either set forth in this subpart or prescribed by the Federal Trade Commission pursuant to titles II or III of the TDDRA. Carriers shall observe

the record retention requirements set forth in 47 C.F.R. § 42.6 except that relevant records shall be retained by carriers beyond the requirements of Part 42 of this chapter when a complaint is pending at the time the specified retention period expires.

(b) Any carrier assigning a telephone number to a provider of interstate pay-per-call services but not providing billing and collection services for such services, shall, by tariff or contract, require that the provider and/or its billing and collection agents have in place procedures whereby, upon complaint, pay-per-call charges may be forgiven, refunded, or credited, provided that such charges must be forgiven, refunded, or credited when a subscriber has complained about such charges and either this Commission, the Federal Trade Commission, or a court of competent jurisdiction has found or the carrier has determined, upon investigation, that the service has been offered in violation of federal law or the regulations that are either set forth in this subpart or prescribed by the Federal Trade Commission pursuant to titles II or III of the TDDRA.

§ 64.1512 Involuntary Blocking of Pay-Per-Call Services.

Nothing in this subpart shall preclude a common carrier or information provider from blocking or ordering the blocking of its interstate pay-per-call programs from numbers assigned to subscribers who have incurred, but not paid, legitimate pay-per-call charges, except that a subscriber who has filed a complaint regarding a particular pay-per-call program pursuant to procedures established by the Federal Trade Commission under title III of the TDDRA shall not be involuntarily blocked from access to that program while such a complaint is pending. This restriction is not intended to preclude involuntary blocking when a carrier or IP has decided in one instance to sustain charges against a subscriber but that subscriber files additional separate complaints.

§ 64.1513 Verification of Charitable Status.

Any common carrier assigning a telephone number to a provider of interstate pay-per-call services that the carrier knows or reasonably should know is engaged in soliciting charitable contributions shall obtain verification that the entity or individual for whom contributions are solicited has been granted tax exempt status by the Internal Revenue Service.

§ 64.1514 Generation of Signalling Tones.

No common carrier shall assign a telephone number for any pay-per-call service that employs broadcast advertising which generates the audible tones necessary to complete a call to a pay-per-call service.

§ 64.1515 Recovery of Costs.

No common carrier shall recover its cost of complying with the provisions of this subpart from local or long distance ratepayers.
